The Alton D. Brashear Postgraduate Course in Head and Neck Anatomy

This five-day course will be held at the Virginia Commonwealth University School of Medicine from March 15-19, 2010. This annual course was named in memory of Dr. Alton D. Brashear, a long-time surgical anatomist in the Department of Anatomy and Neurobiology whose knowledge of head and neck anatomy enriched the lives all who were privileged to work with him.

The primary teaching method is dissection of the head and neck. Lectures, demonstrations, and audiovisuals demonstrating specific anatomical relationships of organs and organ systems will augment the laboratory dissections.

Monday, March 15, 2010
8:30 am Welcome
8:45 am Osteology of the Skull
Dr. William L. Poteat
Videotape
11:00 am Topography of the Brain
Dr. George Leichnetz
12:30 pm Lunch (on your own)
1:30 pm Overview of Head & Neck Anatomy
Dr. Stephen A. Gudas
3:00 pm Films
1. The Deep Face
2. Parotid & Submandibular Regions
3:30 pm Dissection, Prosected Specimens
5:30 pm Dinner (on your own)

Tuesday, March 16, 2010
9:00 am Development of the Head & Neck I: Pharynx
Dr. Caroline Goode Jackson
10:00 am The Orbit
Dr. Stephen A. Gudas
12:00 pm Lunch (on your own)
1:00 pm Fascial Planes and Spaces
Dr. Milton M. Sholley
2:00 pm Films
1. The Deep Face
2. Parotid & Submandibular Regions
3:00 pm Dissection, Prosected Specimens
5:30 pm Dinner (on your own)

Wednesday, March 17, 2010
9:00 am Infratemporal Fossa
Dr. Jeffrey L. Dupree
10:00 am Lymphatics of the Head & Neck
Dr. Milton M. Sholley
11:00 am Temperomandibular Joint
Dr. Gary Smagalski
12:00 pm Lunch (on your own)
1:00 pm Head & Neck Surgery
Dr. James P. Neifeld
2:00 pm Films
1. Masticatory Muscles and Infratemporal Fossa
2. Prevertebral and Pharyngeal Regions
3:00 pm Dissection, Prosected Specimens
5:30 pm Dinner (on your own)

Thursday, March 18, 2010
8:00 am Head & Neck Imaging and Radiography
Dr. Warren Stringer
9:00 am Ear: Normal Anatomy & Clinical Aspects
Dr. Kelly Dodson

Friday, March 19, 2010
9:00 am Nasal Cavities, Paranasal Sinuses, Larynx and Pharynx
Dr. Alex Meredith
10:30 am Anatomic Head & Neck Reconstruction
Dr. Nadir Ahmad
11:30 am Course Review and Evaluation
12:30 pm Course Conclusion

Stephen A. Gudas, PT, PhD, Course Director

Dr. Gudas received his Bachelor of Science in Physical Therapy from the University of Pennsylvania, Philadelphia in 1971, and a Master of Science in Physical Therapy and a Doctor of Philosophy in Anatomy from Virginia Commonwealth University, Medical College of Virginia, Richmond, in 1975 and 1988, respectively. He was a member of the faculty of the MCV Department of Physical Therapy from 1978 to 1988. Since 1988, he has been in the Department of Anatomy and Neurobiology, where he currently holds the rank of Associate Professor. Dr. Gudas also has a collateral appointment in the Department of Physical Medicine and Rehabilitation. He teaches gross anatomy and neuroanatomy to graduate and professional students at the university, and practices physical therapy in the cancer rehabilitation program of Massey Cancer Center. An APTA member since 1971, Dr. Gudas is a founding, charter member of both the Oncology Section and the Section on Geriatrics, and is editor of Rehabilitation Oncology, the official journal of the Oncology Section of the APTA.
ADMISSION

The course is open to any individual who holds one of the following degrees: MD, DDS, DMD, PhD, MPT, or equivalent. Class size is limited, so early registration is encouraged.

Virginia Commonwealth University is an equal opportunity/affirmative action institution and does not discriminate on the basis of race, gender, age, religion, ethnic origin, or disability. If special accommodations are needed, please contact:

Dr. Stephen A. Gudas
Phone: 804.828.0950
Fax: 804.828.9477
